Thanks, Chief!

For what it's worth, the new AXON body cams and AXON in car LPR feature were extremely beneficial in identifying party goers and our suspect at the Yale Place shooting this past weekend.

Additionally, after the suspect was identified, the in car LPRs also put the suspect vehicle at and leaving the scene.

The tech is definitely making a impact.

Danny

Subject: FW: UPDATED RESPONSE: 10851 arrests

Out of curiosity, I had Jane check to see if our number of arrests have increased in 2023 compared to 2022. Our arrests have increased by 4% in 2023 and projected to end the year with a 6% arrest increase. I would imagine LPR's have played a role in this positive trend. Please share with your folks as you see fit.

Marc

Subject: 10851 arrests

Jane,
I'm curious to know if the number of arrests for 10851's have increased in 2023 when compared to 2022 given the drop in the number of stolen vehicles year to date. Is this something you can check on for me?

Thank you
